

Year 1

Summer Term 2023-2024

How important is our world?

English

Writing [Click here to view curriculum knowledge \(KS1\)](#)

- Instructions – how to plant a seed
- Persuasion – to save the planet
- Non - fiction – facts about the world
- Poetry – nature riddles
- Fiction – Little Red Riding Hood

Reading [Click here to view curriculum knowledge](#)

Through themes of adventure and survival:

- During reading check that the text makes sense and correct inaccurate reading.
- Re-read sentences to build fluency and confidence in word reading (without overt sounding and blending).
- Use punctuation to make the reading make sense.
- Use different voices/tone to make the reading fluent and interesting.
- Discuss the sequence of events and characters in books.
- Recognise simple recurring literary language in stories and poems.
- Pick out and discuss favourite words and phrases.
- Discuss the purpose that the writer is intending, e.g. The writer is giving us information, the writer thinks this is not fair.
- Express a preference for a story or text from a selection of those that have been read aloud or read independently.
- Discuss similarities between different fairy stories and traditional tales.

Maths

[Click here to view curriculum knowledge](#)

We are taking a Mastery Approach to Maths, taking time to explore with concrete resources and pictorial representations before using numbers and symbols (abstract).

Year 1	Summer Term 2023-2024	How important is our world?
---------------	------------------------------	------------------------------------

Number and Place Value

- Count to and across 50 and 100, forwards and backwards, beginning with 0 or 1, or from any given number.
- Count, read and write numbers to 100 in numerals.
- Given a number, identify one more and one less.
- Identify and represent numbers using objects and pictorial representations including the number line, and use the language of: equal to, more than, less than, most, least.

Fractions.

- Recognise, find and name a quarter as one of four equal parts of an object, shape or quantity.

Money

- Recognise and know the value of coins and notes.

Addition and Subtraction

- Solve one step problems that involve addition and subtraction, using concrete objects and pictorial representations, and missing number problems such as $7 = \square - 9$
- Multiplication and Division

Multiplication and Division

Count in multiples of 2's, 5's and 10's

Science – Plants
